

Sakshi Vadgave

DIPLOMA COMPUTER ENGINEERING STUDENT | AI ENTHUSIAST

Email: vadgavesakshi8@gmail.com **Location:** Maharashtra, India **Institution:** Yashwantrao Chavan Polytechnic **Interest Areas:** AI, Web Technologies, C++ Developer

PROFESSIONAL SUMMARY

I am an exceptionally motivated Diploma Computer Engineering student with extensive academic aggregates (~93.7% aggregate), combining hard core algorithmic C++ development, responsive web design competence, and dedicated autonomous AI system exposure.

EDUCATION TRACK

Diploma in Computer Engineering 2024 - Present

Yashwantrao Chavan Polytechnic

- Semester 1 Assessment: **93.06%** with First Department Merit Rank.
- Semester 2 Assessment: **94.59%**.
- Semester 3 Assessment: **93.41%**.

ACTIVE PROJECTS

Srishti – AI Text Summarization App Developer Lead

Engineered responsive web layout parsing long-form digital textual data and returning condensed structural summaries efficiently using core scripting structures and layout controls.

Deepfake AI Detector Collaborative Project Lead

Designed an autonomous validation outline checking digital photo frames for artificial visual synthesis or generative manipulations using computer vision concepts and metric algorithms.

ACHIEVEMENTS & LEADERSHIP

- Represented cohort in **Google Student Ambassador 2025 Gemini 2.0 Envoy** program.
- Claimed **First Rank Trophy** in YASH 2K26 Nationwide Idea Presentation Challenge.
- Led anchoring / co-chairing responsibilities across 10+ college technical events.
- Participated in Google GSA Hackathons and National Presentation Symposia.

SKILLS INVENTORY

HTML5 / CSS3 C++ Language Core Python Programming AI Models Concepts Public Anchoring & Speech Team Coordination & Leadership
